

# Naming and Counting Unit Fractions

Place 8 counters in your Linear Abacus™ bag. If we call this bag 1, what would you name each counter inside the bag? Show your thinking on the Linear Abacus™.

- How can you express this fraction using the phrase  
\_\_\_ out of a group of \_\_\_?
- What unit fraction is used for this bag? Write this using the phrase above and using fraction notation.
- Write the counting sequence out.
- Explain how this model helps you order and compare fractions.
